

iMobile Install Guide – Android Device

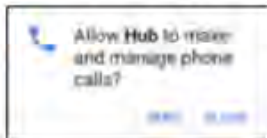

- 1 Search the Google Play Store for **Intelligent Hub** & tap **Install**

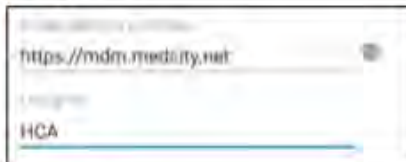

- 2 Open HUB, type **mdm.medcity.net** in the Server field. Tap **Next**

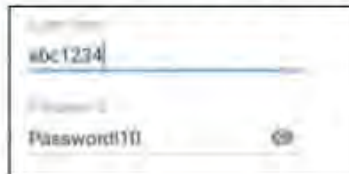

- 3 If prompted to Allow HUB to make & manage phone calls, tap **Allow**

- 4 Enter HCA in the **Group ID** field & tap **Next**

- 5 Enter HCA 3-4 ID & password

- 6 Tap **Employee Owned**

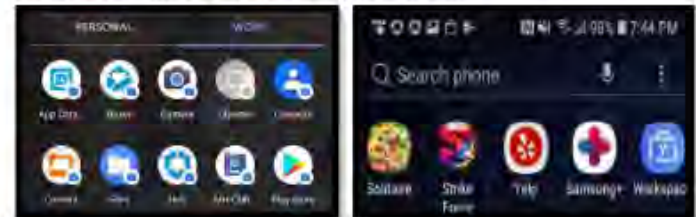

- 7 Tap **ACCEPT** for the Terms & Conditions after reviewing the Privacy Terms page – then I **UNDERSTAND** – then I **AGREE**

- 8 The app will now prepare your profile. Tap **Accept** when prompted.

- 9 When enrollment is complete, you will be required to set a **secure passcode** (also used to unlock your device) if you do not already have one set.

- 10 Open your **Work Profile** or **Workspace** app. Find and tap **Play Store** then search for **MH-Cure** (or **MH-Cure NCD**) & install.

Google Pixel

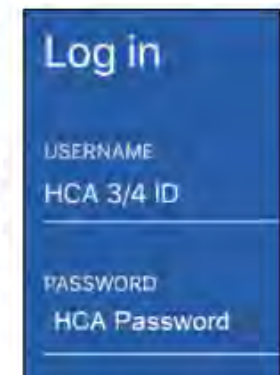

Samsung Device

- 11 **IMPORTANT:** At the login screen, enter the following before entering your credentials.

Username: NCD-P
Password: (leave blank)
Tap Login

- 12 Log in with your HCA 3-4 ID & password

IMPORTANT: If you receive a Login Failed due to not having a passcode message, you must enable "Require PIN when device turns on" or "Require PIN to turn on phone" in **Secure Startup** under the device's **Settings** (settings & location may vary based on the manufacturer)

****If you receive a Login Failed due to not having a passcode message****

****Steps and screenshots below may vary based on manufacturer****

- Go to Phone Settings
- Select "Biometrics and security"
- Select "Secure Startup"
- Select "Require PIN when device turns on"
- Follow prompts

Once you have created a PIN, launch MH-CURE app within your **work profile** and login.

First login, Username: NCD-P

Password: leave blank

Second Login, Username: HCA 3/4 & password
