

iMobile – Making a Dynamic Role a Favorite

iMobile Tip: How to locate and make a Dynamic Role favorite.

1. Open iMobile to the *Dashboard*.
2. Select *Contacts* from the toolbar on the bottom.
3. Select to search Dynamic Roles by *Hospital*.
4. If multiple hospitals are available, select the desired location.
5. Scroll down or begin typing the DR name in the *search box*, for example “Charge.”

6. The contact list will narrow based on the characters entered, *choose the desired Dynamic Role*.
7. Slide the *Add to Favorites* button to make a favorite.
8. The button will be green to indicate it is a favorite.
9. Next time, you can search *Contacts by DR* under *Favorites* to locate the role quickly.
